

Fluoride Free RustGo®

ALTERNATIVE FORMULA
RUST REMOVER

Fluoride Free RustGo®

Fluoride Free RustGo effectively removes rust stains from fabric without the use of Hydrofluoric Acid. Although not as fast-acting as Original RustGo, Fluoride Free RustGo is significantly safer for the worker. So if your procedures can accommodate a few extra minutes, you should consider using this safer yet still effective alternative. (Although Fluoride Free RustGo is relatively safe, you should still follow all appropriate precautions, including the use of appropriate Personal Protective Equipment.)

DIRECTIONS

Before starting, read and understand the Fluoride Free RustGo Material Safety Data Sheet.

- Apply Fluoride Free RustGo to stain directly from spout of bottle. DO NOT RUB IN WITH FINGERS. Wait 15 minutes or longer, then wash in usual manner. Repeat procedure if necessary.
- Fluoride Free RustGo is safe for use on most colors and fabrics. Test Fluoride Free RustGo on hidden area of garment before using on delicate colors or fabrics.

PRODUCT OVERVIEW

Effectively removes rust stains in once step!

- Safer for the Operator
- Safer for the Environment
- No Hydrofluoric Acid
- No Neutralizer Needed
