

Fabritec 5932 Safe Sour

Products/Procedures

Fabritec 5932 Safe Sour is a true buffered sour designed for use with Fabritec 5911 TITANIUM SHIRT LAUNDRY DETERGENT. Safe Sour yields a safe pH on shirts having acid pH sensitive dyestuff and preserves fabric life. This safety feature will save cleaners costly claims.

Safe Sour is dispensed during the final rinse. It flushes completely through a supply hopper. It is used at the rate of:

4 oz. per 100 lbs. of garments

Time: 4-6 minutes

Wash Level: Low

Temperature: 60° - 90°F

PHYSICAL PROPERTIES

APPEARANCE: Light blue powder

Odor: Bland

DENSITY: 87 lbs./ft.

Flash Point: None

SOLUBILITY: Complete in water

pH: 6 ± 0.1 (1% distilled water)

Note: Safety Data Sheet (SDS) available on request. Call 1-800-543-0406.

The logo for Fabritec Brand Detergent features the word "Fabritec" in a large, stylized, light blue font with a white outline and a registered trademark symbol (®) to its upper right. Below it, the words "Brand Detergent" are written in a smaller, light blue, sans-serif font. The entire logo is set against a light blue, wave-like background.
